

Introducing  
**Ch Black Star A. Petrovich “Pet”**

Black Russian Terrier  
Certified Therapy Dog, through TD, Inc.  
R.E.A.D Assistance Dog, Intermountain Therapy Dogs/PJ’s Pals  
AKC, BRT Canine Ambassador

Petrovich “Pet” was our first BRT and is responsible for getting us and everyone he meets “hooked” on this breed.

He showed in Confirmation with his owner-handler-groomer-mom for three years, was invited to the Eukanuba Invitational two years in a row, is a Certified Therapy dog, works through PJ’s Pal READ Program, is the local BRT Canine Ambassador, and an all around great guy who loves kids and anyone with a disability-walker-wheelchair or cane.

He loves attention, and has participated in parades, school events, and library programs as well as making visits to retirement homes and other care facilities.

His hobbies include being ready for a back rub or petting, 24 hours a day. He likes being in charge of his other canine brothers and sisters, (BRT’s and Airedales alike) within our home property. He has a wonderful temperament and is now semi- retired from the Confirmation ring to seek other opportunities. He is turning 9 years old on March 31<sup>st</sup>.

Once you meet him, you will understand while so many fall in love with him.

Sincerely,  
Debby Lynn

Petrovich's mom
